Since 1998

Tuition Agreement

The 2010-2011 dancing school season begins on September 13, 2010. Tuition is based on weeks in which classes are held, vacations are not included into your payments. All tuition, costumes and registration fees paid are non-refundable, however, you may receive a dancing school credit in the event of student withdrawal. For your convenience we have two payment options: Payments may be made in the form of cash or check on a monthly basis, a coupon book will be provided for your convenience. You may also select to pay automatically each month using your Visa or Mastercard. The automatic payment process is easy...you don't even have to think about it, avoids late fees, discount of \$5.00 off your tuition each month and some credit cards even offer rewards. Students may discontinue at any time, notification must be given to the office on or before the 15th of the prior month. A \$10.00 late fee will automatically be applied to your account if payment is not received by the 15th of the month. All returned checks will be fined a \$30.00 service charge. Classes missed due to illness, inclement weather or personal holiday may be made up in another class of an appropriate level. We will not prorate tuition for missed classes.
