# TEAM

# EXPERIENCE

## TEAM INTENSIVE

**AUG 3-5 & AUG 10-12**

Our competitive team program, offers students the opportunity to take their dance training to a new level through the exciting and inspiring world of competitive dance. Team members progress at an accelerated rate by way of more classes and numerous performance opportunities. We emphasize the "team experience". We

stress sound work habits such as, responsibility, dependability, initiative, adjusting to situations, coping with disappointments and working with others as a unified group... attributes we hope will remain with your child through school and into adulthood. The coaching staff are positive role models that provide support as the dancers grow into the best version of themselves.
